MN1410
LICENSED VARIETY

MN1410 soybean is a 1.4 maturity conventional variety. It has shown excellent yield performance. MN1410 has good iron chlorosis tolerance. It has average height and good lodging resistance. Developed through conventional breeding methods, MN1410 is an excellent choice for producers seeking a non-gmo variety. MN1022 has above average protein content, average oil content, white flowers, gray pubescence and buff hilum.

MN1410 was released by the Minnesota Agricultural Research Station. A license is required for seed production.
